Statement no. 219.02

**Statement on GM Status**

- non-genetically modified production strain

Novozymes is a manufacturer of enzyme products. We hereby certify that the following product:

**Vinozym Process**

Is produced by a production strain, which has not been genetically modified.

All our enzymes are produced by fermentation of microorganisms. The enzyme protein is separated and purified from the production organisms. Due to the efficient separation processes, no production strain is present in the final enzyme product.
