

Product Type: Sorbent Pad

SpillMat is an absorbent pad created from a variety of cellulose and synthetic fibers.

Product Size & Packaging:

- 17-1/2"x18-1/2"
100 count bundles
- 21-1/2"x48"
100 count bundles
300 count bundles

Custom product sizes and variations are available by request and are developed in close participation with the customer.

Features/Benefits:

- Product is rigid and robust.
- Product fits into tight spaces and under stationary equipment.
- Textured sheets are capable of holding an entire quart of liquid.
- Keeps workspaces and floors clean and dry.
- Product is extremely universal and can be used for numerous different applications.

* *Product color may vary*

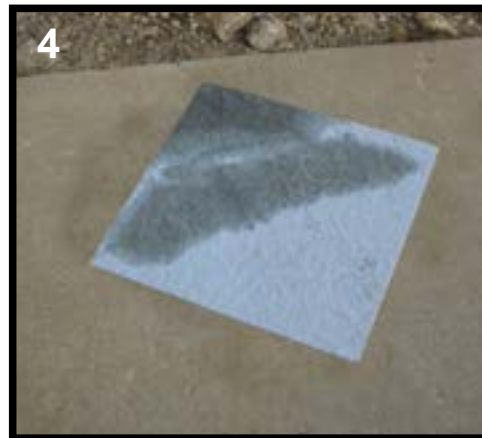

Gusmer Enterprises' experience in handling a variety of raw materials helps optimize each grade for the specific application. All products are manufactured under close process and technical control according to specifications per ISO 9001 standards.

SpillMat Series Datasheet

Grade Designation	Caliper (Inches)		Basis Weight (gsm)		Oil Absorption Capacity (%)		Dry Tensile (lb/in)
	Target	Range	Target	Range	Target	Range	
Spillmat	0.180	0.160 - 0.200	630	520 - 740	516%	450 - 700	≥ 12
Spillmat C	0.180	0.160 - 0.200	630	520 - 740	575%	450 - 700	≥ 12

*Spillmat C is a blend of all cellulose fibers and is available by request, please contact your sales representative for more information.
