

Gusmer Enterprises, Inc.

QC Lab Tech:

We are looking for a reliable, hardworking individual for a full time lab tech position. The lab is currently running a 24/7 mill operation schedule, so some weekend work will be required. Hours may also be adjusted based on coverage needs within the QC Lab. For shift information please reach out to Anna at akrueger@gusmerenterprises.com

Please see the qualifications below:

- High school diploma or equivalent is required and lab experience a plus
- All training is on-site
- Has basic computer skills
- Self-motivated
- Has the ability to multi-task and work well with others

Starting pay is \$15/hr with shift differential for second and third shifts. Pay in the QC Lab is based on a tier basis. Once trained and signed off on the next levels this rate will increase. Also, overtime pay for any weekly hours worked over 40 and double time pay for any hours worked on Sunday.

Job includes: testing of specialty paper products, raw material testing, paper work, and computer data entry.

If you are interested in this position, please submit a resume to Mary Grosskopf at mgrosskopf@gusmerenterprises.com
