

SAFETY DATA SHEET

FermPoint® 110

ection 1 - PRODUCT and COMPANY IDENTIFICATION

1.1 Product Identifier

Product Name: FermPo Product Code(s): FP110 FermPoint® 110 Chemical Name: Mixture Synonyms: NA

1.2 Relevant identified uses of the substance or mixture and uses advised against Intended Product Use: Nutrient blend with Time-Release Mechanism Intended for use only by commercial manufacturers. Not intended for retail sale or use by individual consumers.

1.3 Details of the supplier of the safety data sheet

nulacturer/Distributor: Gusmer Enterprises. Inc.
Postal Address: 81 M Street, Fresno, CA 93721 USA
Telephone Number: 01/6599 485-2692 (USA) (product influence of Operation: Monday - Friday 8:00am-5:00pm PST

1.4 Emergency telephone number

Medical Emergency: 911 Chemical Emergency: (800) 424-9300

tion 2 - HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture:

GHS Classification in accordance with 29 CFR 1910 (OSHA HCS)

This product, as shipped, is not regulated as an OSHA hazardous material when used in its normal state and use.

2.2 Label Elements

Hazard Pictogram(s): Not Applicable Signal Word: Not Applicable

Hazard Statements: Not Applicable Precautionary Statements: Not Applicable

2.3 Emergency Overview

Appearance/Odor: White & Tan colored tablets with yeast like aroma.

Other Hazards: Warning: Inhalation may cause respiratory irritation, breathlessness, coughing, chest tightness, and difficulty breathing. May cause skin irritation on prolonged contact. May cause eye irritation upon direct contact. Excessive ingestion may cause intestinal discomfort (bloating, cramping, diarrhea, etc.).

Ingredients in this product are identified as flavoring compounds and NIOSH has reported the occurrence of severe lung disease in some workers who make or use flavorings. The mixture has not been tested as a whole

Section 3 - COMPOSITION / INFORMATION on INGREDIENTS

The identity of the individual components of this product is proprietary information and is considered a trade secret pursuant to 29 CFR 1910.1200. This product consists of a proprietary mixture which includes organic and inorganic nitrogen, vitamins and minerals.

Ingredient(s) Common Name & Synonyms Percentage CAS No. ≥ 20 - < 30% 9004-34-6

Section 4 - FIRST AID MEASURES

4.1 Description of the first aid measures

Eye Contact: Flush eyes with water as a precaution
Skin Contact: Wash off with soap and plenty of water.

Inhalation: nhalation:
If breathed in, move person into fresh air. If not breathing, give artificial respiration.
Ingestion: Never give anything by mouth to an unconcious person. Rinse mouth with water.

4.2 Most important symptoms and effects, both acute and delayed

Eye Contact: May cause irritation.
Skin Contact: May cause irritation.
Inhalation: May cause irritation.
Ingestion: May cause intestinal discomfort

Chronic Effects: Not known to produce any long-term effects from continuing exposure

4.3 Indication of any immediate medical attention and special treatment needed Treatment: No special advice, treat symptomatically.

Section 5 - FIREFIGHTING MEASURES

5.1 Extinguishing Media

le Extinguishing Media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment

5.2 Special hazards arising from the substance or mixture

No further relevant information available

5.3 Advice for firefighters

As in any fire, wear NIOSH-approved self contained breathing apparatus and appropriate protective clothing.

Product as supplied and shipped is highly unlikely to release sufficient dust to constitute a combustible dust explosion hazard. Depending on airborne concentration, moisture content, particle diameter, surface area and exposure to an ignition source, airborne dust may ignite and burn with explosive force in a contained area.

ection 6 - ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

6.2 Environmental precautions

nce with federal, state and local laws

6.3 Methods and materials for containment and cleaning up

If large amounts of dust are generated, collect with vacuum or suppress with water spray and sweep up. Minimize compressed air blowdown or other practices that generate high dust levels.

See Section 8 for appropriate personal protective equipment ection 7 - Handling and Storage

7.1 Precautions for safe handling

Avoid generating excessive dust. If dust levels are suspected to be over PEL, wear a NIOSH approved N95 or greater respirator. Protect from excessive moisture. Maintain good housekeeping practices. Avoid contact with eyes, skin and clothing. See Section 8 for more information

7.2 Conditions for safe storage, including any incompatibilities

Store in original container or clean, covered container. Store in cool, dry, well-ventilated area. Product should be kept sealed and dry.

See Section 8 for OSHA permissible exposure limit(s)

8.2 Exposure controls			
OIZ EXPOSATO CONT. CIC	Normal Handling Conditions		
Engineering Controls:	If necessary use ventilation system to keep airborne dust concentration below permissible exposure limits. Ventilation to control dust should be considered where potential explosive concentrations and ignition sources are present. The		
0 0	design and operation of any exhaust system should consider the possibility of explosive concentrations of cellulose dust within the system.		
	Ensure that exhaust ventilation and material transport systems involved in handling this product contain explosion relief vents or suppression systems designed and operated in accordance with applicable standards if the operating		
	conditions justify their use.		
Danierten Besteutien	If duet levels are assessed to be aver DEL was a NIOCH account NOS		
Respiratory Protection:	If dust levels are suspected to be over PEL, wear a NIOSH approved N95 or greater respirator.		
Eve Protection:	ANSI Z87+ approved dust gaggles or safety glasses, if necessary, to avoid eye irritation.		
Skin Protection:	Cover skin with clothing and/or gloves if skin dryness or irritation occurs.		
General Hygiene:	Maintain and based and are sent and after head of the based and all all all all all all all all all al		e dust settles to avoid excessive accumulation of this combustible material. Minimize compressed air blowdown or other

Section 10 - STABILITY and REACTIVITY

10.1 Reactivity

No Data Available

10.2 Chemical stability
Stable under recommended storage conditions.
10.3 Possibility of hazardous reactions

Newsonia Stable S

None
10.4 Conditions to avoid

Avoid open flame, sparks and other sources of ignition. Avoid humidity

10.5 Incompatible materials

Avoid open flame, sparks and other sources of ignition.

10.6 Hazardous decomposition products

No Data Available

ection 11 - TOXICOLOGY INFORMATION

11.1 Information on toxicological effects
Toxicology Data: The product has not been fully tested. The statements have been derived in parts from products of a similar structure or composition. Toxicology Data:

Skin Corrosion/Irritation: Irritant to skin and mucous membranes.

Serious Eye Damage/Eye Irritation: Irritating effect.

Respiratory or Skin

Sensitization:

No sensitizing effects known

STOT - Single Exposure: May cause upper respiratory tract irritation.

STOT - Repeated Exposure: Not known to produce any long-term effects from continuing exposure

Aspiration Hazard: No Data Available

11.2 Further Information

Mutagenicity: No Data Available Productive Toxicity: No Data Available

Not classified as a carcinogen by OSHA, NTP, or IARC in their reviews Carcinogenicity:

IARC: ACGIH: NTP: OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC. No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGH. No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGH. No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
